

# Abyx Fit HR

## ACTIVITY TRACKER WITH HEART RATE MONITOR

- Control your music directly from your wrist
- See who calls and read your messages (FB, whatsapp, Line, etc.)
- Read your text messages and social media notifications
- Track your heart-rate, blood pressure, steps, calories, distance, ...
- Set goals and reminders
- Follow your activity, monitor your health and performance

The **abyx Fit HR** is an IP68 connected activity tracker, with a color touch screen.

It monitors your activity, checks your heart-rate and blood pressure, counts your steps and calories, monitors your sleep and remind you when to move.

It also shows you your reminder, tells you when you forgot your phone and of course displays your chat messages (Whatsapp, Facebook, Line, Wechat, etc.) and tells you who is calling you.

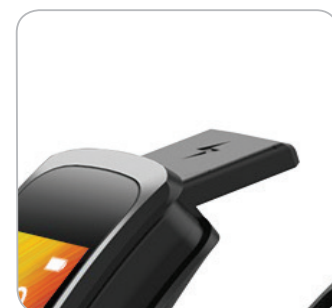

Touchscreen
